Welcome to Unseen Amsterdam 2023

Friday 22 – Sunday 24 September | Westergas, Amsterdam

The 11th edition of **Unseen Photo Fair** is once again **the meeting place for photography lovers**. In an inspiring context you can experience, discover and collect new works of art. The fair takes place at the iconic **Westergas culture park in Amsterdam**, an industrial site of architectural heritage, bustling with great restaurants and bars.

With **78 galleries from all over the world**, Unseen offers a rich, global perspective on what's new in photography. This edition shows that nature and environment are a source of inspiration and worry for artists from all over the world. The theme is approached from a broad spectrum of subjects and forms.

Next to that there is **Unbound**, Unseen's most ambitious section to date, dedicated to boundary breaking photography projects crossing over into installation art, sculpture, digital art, virtual reality and performance art, often on a monumental scale.

Furthermore the **Book Market** hosts over 65 independent publishers of photography books and will feature many new book launches and signing sessions by the artists.

Unseen catalogue on GalleryViewer.com

Check out the online catalogue for Unseen on GalleryViewer.com, the perfect way to prepare for the fair. The catalogue will be available online from 14 September 2023.

Unseen | Westergas | Klönneplein | Amsterdam | www.unseenamsterdam.com
